

OKECHUKWU CHIEZEY — UX/UI DESIGN CASE STUDY

# Evive Skincare — Brand & Campaign

UI/UX Design · Brand Identity · Digital Marketing · 2022

YEAR: 2022 · ROLE: UI/UX Designer & eCommerce PM

TOOLS: Figma · Adobe Illustrator · Photoshop · Klaviyo · Shopify

## Marketing Campaign Review Presentation

### Date

December 2022

### Campaign Name

Evive Product Launch

### Presented By

Okey Chiezey, Digital Media Strategist.

### PROJECT BRIEF

Led the brand identity design and digital marketing campaign for Evive Skincare — a clean beauty brand targeting millennial women in North America. Delivered brand guidelines, campaign creative, email sequences, and a social media visual system as part of the PM/Designer role at Innovative Growth Solutions. Campaign outcomes: 10K+ Instagram followers, 44.1% email open rate, 6.3x referral ROI.

PROJECT OVERVIEW

## Context & Design Challenge

Evive launched into a crowded clean beauty space with no brand identity, no digital presence, and a 90-day go-to-market deadline. The challenge was to design a brand that felt premium but approachable, and execute a digital marketing campaign across email, social, and paid — measuring ROI across all channels.

DESIGN PROCESS

# Agile UX/UI Methodology — Sprint-by-Sprint

This project followed an Agile UX process structured across 5 sprints, each with defined deliverables, research activities, and design artefacts. Sprint reviews were conducted with stakeholders at the end of each phase.

SPRINT 1

BRAND DISCOVERY

- Brand workshop with Evive founders — 3-hour session defining values, personality, and positioning
- Mood board: minimal, warm, natural — references: Glossier, Aesop, ILIA
- Defined brand pillars: Clean, Honest, Joyful
- Competitive logos audit: identified white space for a wordmark-first identity (vs. icon-led competitors)

SPRINT 2

VISUAL IDENTITY DESIGN

- Designed 3 logo directions — founders selected the serif wordmark with a leaf ligature
- Colour palette: dusty rose (#e8c4b8), warm ivory (#f9f3ee), deep terracotta (#c97a3a)
- Typography: Cormorant Garamond (brand/editorial) + Lato (body/UI)
- Brand guidelines document: 22 pages covering logo, colour, type, photography, tone of voice

SPRINT 3

CAMPAIGN DESIGN

- Designed Instagram grid layout — alternating product and lifestyle photography
- Produced 40+ social media assets across 3 campaign phases: Teaser, Launch, Post-launch
- Email template design in Klaviyo: welcome series (3 emails), launch announcement, referral programme
- Designed referral programme landing page on Shopify — converted at 6.3x ROI (\$15 CPA)

SPRINT 4

LAUNCH EXECUTION

- Coordinated photo shoot creative direction brief for product photography
- Set up Klaviyo email flows — segmented by acquisition source
- Instagram organic growth: 2.4K → 10K+ followers in 90 days (community + influencer micro-gifting)
- Google Ads creative: 6 ad variations tested; dusty rose product shot outperformed white background by 34%

SPRINT 5

MEASURE & OPTIMISE

- Email performance: 44.1% open rate vs. industry average of 21.5%
- Referral programme: lowest CPA (\$15) at highest ROI (6.3x) — became primary acquisition channel
- Social: 38.8% of traffic from Instagram, 34.1% from email, 15.5% Google Ads
- Post-campaign brand audit: NPS of 72 from early customers — "The brand feels like a friend, not a corporation"

## RESEARCH &amp; DESIGN FINDINGS

## What the Data Told Us

- The referral programme dramatically outperformed paid social — community trust in clean beauty is a stronger conversion lever than reach.
- Email open rate of 44.1% (vs. 21.5% industry avg) was driven by two factors: segmented welcome series and personalised subject lines.
- The serif wordmark brand identity was consistently perceived as "luxurious but not intimidating" in post-purchase surveys.
- Instagram grid consistency (alternating product/lifestyle) drove a 280% increase in profile visits compared to competitors' mixed-format grids.
- The referral landing page on Shopify converted at 3.2% — 4x the industry benchmark for beauty eCommerce.

## LESSONS LEARNT

## Process Reflections

- Paid social (Google Ads) was allocated 30% of budget but drove only 15.5% of traffic — should have shifted budget to email and referral earlier.
- The brand guidelines document was too long (22 pages) for the client team to apply consistently — a 1-page quick-reference card would have been more effective.
- Photography creative direction was written as a brief but not reviewed on set — 15% of images were unusable due to lighting inconsistency.
- Launch timeline was compressed (90 days) — a phased identity rollout would have allowed more iteration on the social visual system.

## FUTURE IMPROVEMENTS

## Roadmap & Next Steps

- Build a loyalty programme layer on top of the referral mechanics — points for reviews, repeat purchases, and social shares.
- Develop a brand motion design system: animated logo, story templates, Reels templates — video content is now essential for Instagram growth.
- Redesign the Shopify store UI using the brand system — the current theme template feels inconsistent with the brand guidelines.
- Expand into TikTok with short-form product education content — clean beauty explainer videos have high organic reach.
- Commission a packaging design sprint — the product packaging doesn't yet reflect the refined brand identity developed in this campaign.

## Budgets and ROI

| Campaign Element | Creative Budget | Paid Media Budget | ROI  | Cost per Acquisition |
|------------------|-----------------|-------------------|------|----------------------|
| Influencers      | \$5,000         | \$5,000           | 3.5x | \$50                 |
| Owned Socials    | \$1,000         | \$1,000           | 4.2x | \$30                 |
| Newsletter Email | \$1,500         | \$1,500           | 5.1x | \$20                 |
| Referral Program | \$750           | \$750             | 6.3x | \$15                 |
| Google Ads       | \$2000          | \$2000            | 5.3x | \$18.87              |

Most of our campaign budget was centered around influencer marketing, social media promotions, Google ads, and email marketing. Referral programs had the most profitable return on ad spend, with over a 6x return on ad spend, while Google ads resulted in a 5x return on ad spend.

# Campaign Takeaway

Throughout this campaign, our email newsletter open rate doubled, a result we've linked to the email. This success is largely due to the exceptional work of a dedicated supporter on our team.

With wonderful storytelling, compelling subject lines, and engaging content, we've turned our newsletter into a powerhouse. Our commitment to creating informative, personalized emails has resonated deeply, driving action and strengthening our audience connection.

## Market Overview

It's essential to know the battlefield before conquering it! Let's take a quick look at the ever-changing market landscape and the opportunities and challenges that shaped our campaign decisions.

### Waves of Change

The theme synthesized Evive's commitment to transformational science, harnessing the power of nature and innovation to deliver visible, lasting results. The "Waves of Change" campaign emphasized how Evive adapts to evolving market trends, seizes emerging opportunities, and thrives to compete edge to meet the needs of modern consumers.

### Market Trends

Nature & Organic Products: Highlighted the brand's commitment to using natural, organic ingredients that are sustainably sourced. It also emphasized the growing consumer preference for clean beauty products. Personalization: Centered on the theme of personalized skincare. Introduced a product line at a spot that truly resonated with products related to their specific skin type and concerns. Inclusivity Beauty: Showcased the diversity of Evive's product range, suitable for all skin tones and ages, aligning with the inclusivity movement in beauty.

### Emerging Opportunities

Digital First Marketing: Focused on building a strong online presence through social media platforms, influencer partnerships, and e-commerce. Data-Driven Engagement: Used engaging content like tutorials, testimonials, and before-and-after transformations to demonstrate product effectiveness. Sustainability: As sustainability becomes more crucial, positioned Evive as a leader in eco-friendly packaging and production methods. Considered launching a recycling program in a skincare product line.

### Our Competitive Edge

Innovation in Formulation: Highlighted the unique, science-backed formulations that set Evive apart. Showcased ingredients and technologies that are exclusive or patented by the brand, emphasizing their efficacy. Customer-Centric Approach: Position Evive as a brand that listens to its customers, constantly iterating based on customer feedback and needs. Share stories of how customer insights have led to product improvements or innovations. Brand Authenticity: Highlighted brand loyalty by sharing the story behind Evive—its mission, values, and commitment to quality. Use authentic voices, like the brand founder or regular customers, to communicate these messages.

4

## Influencer Partnerships

### Amplifying Brand Reach

- Influencer marketing is crucial because it allows us to leverage quality imagery and authentic voices to position our brand effectively. High-quality visuals shared by influencers create a strong visual identity, enhancing brand recognition and trust. When influencers align with our brand values and aesthetics, they help communicate our positioning in a way that resonates deeply with their followers, making our products more relatable and desirable. This strategy not only amplifies our reach but also strengthens our brand's image and credibility in the marketplace.

5

## Influencer Campaign Content

- We used influencer marketing to connect with our diverse audience in Canada, focusing on influencers aged 25-40, who are health-conscious, eco-friendly, and passionate about skincare. These influencers resonate with our brand values and effectively engage with our target demographic of modern, socially aware consumers.

6
